BACKGROUND: In the fall of 2015, the state of Arizona determined that after more than 30 years, Planned Parenthood Arizona would be excluded from the State Employee Charitable Campaign (SECC). SB 1485 would enshrine that decision permanently in state law.

The **SECC** allows state employees to have their charitable donations deducted directly from their paychecks and automatically directed to the charities of their choice - and there are **OVER 400 DIFFERENT** nonprofit organizations to choose from. There are churches and religious, civil and environmental organizations represented.

In addition to 40+ religiously-focused groups state employees can donate to through the SECC, extremist groups like these are also eligible:

ALLIANCE DEFENDING FREEDOM [ADF]: "We focus exclusively on legal cases and projects impacting religious liberty, the sanctity of life, and marriage and family" states ADF's website. ADF also claims their <u>allies</u> are similar hate groups identified by the Southern Poverty Law Center* (Family Research Council, American Family Association along with several others).

AMERICAN FAMILY ASSOCIATION [AFA]: classified as an anti-gay HATE GROUP since 2009 by the Southern Poverty Law Center.

SB 1485 WOULD...

- ⊗ Prevent state employees from directing their charitable contributions to "non-federally qualified" abortion providers in Arizona (i.e. Planned Parenthood Arizona) through the SECC's payroll deduction. "Federally qualified abortions" are only for rape, incest, or to save the life of the mother.
- **⊗** Constrain state employees' ability to efficiently make charitable contributions of their own personal funds to legitimate organizations serving vital health care needs.
- ⊗ Anoint winners and losers among lawfully operating charities instead of applying one uniform rule for inclusion in the SECC.
- Stigmatize employees who support Planned Parenthood or other abortion providers.
